

## MEETING REPORT 4

**Team Name:** Drivers

**Date of Meeting:** 29.03.2024

**Start Time:** 16:00

**End Time:** 18:00

**Meeting Location:** Library

**Moderator:** Ardit Harizi

**Recorder:** Megi Dervishi

**Other Members Present:** Kejsi Doku, Elis Brahaj, Rei Pacrami, Bleart Biba, Albi Gashi, Gregori Haxhia

**Members Absent:** None

### Topics Discussed:

- Shifted focus towards back-end and front-end aspects of the project during the fourth week.
- Conducted thorough review of completed tasks, providing feedback and recommendations.
- Engaged in extensive discussions on implementation details, including architectural design and user interface elements.

### Decisions Made:

- Finalized architectural design of the backend, outlining technologies and frameworks for efficient data management.
- Agreed upon design principles for the frontend, including color schemes and icons for user appeal.
- Decided on integration of specific APIs for enhanced functionality, considering project requirements and technical feasibility.

### Tasks Assigned:

- Megi and Ardit: Lead backend development efforts, set up server architecture, and implement core functionalities.
- Kejsi and Gregor: Frontend development, focus on designing user interface and implementing intuitive navigation elements.
- Elis and Rei: Research and integrate relevant APIs to enhance system capabilities.

Assignments distributed based on expertise and contributions to ensure comprehensive project development.

### Time, Place, and Agenda for Next Meeting:

Next meeting will be held next weekend at the same time to discuss work and separate new tasks.
